#### MANAGER J. W. CHANDLER DENIES WILD REPORTS OF ALLEGED STRIKE OF RUBY SILVER IN NORTH STAR

The stock market in San Francisco and New York went crazy this morning on a report sent out by interested parties to the effect that the North Star had opened four feet of ruby silver in the west drift from the winze and that assays ran into the hundreds. The quotation ran from 41 to 48 and buying orders began pouring in. According to Manager J. W. Chandler, there is no foundation for the report. "The advance in North Star is not justified by any development on the property, and I am sorry that any one should have placed such a report in circulation. The mine is no better than it was yesterday, the day before, or the day before that. Of course, the mine is looking good. There has been no attempt to conceal that fact, and we expect it to look better or we would not be spending money on the mine. So far as having opened four feet or any other quantity of ore in the west drift, there is no foundation for the story. About all that is true of the story is that I was down at the depot this morning to see Mr. Zedig, who was going through from Goldfield to San Francisco. This is a matter of routine business that would have been sent by mail if I had not seen Mr. Zedig here. That's all I can say about it. When the North Star makes a strike I will be only too happy to publish the facts."

#### AMERICA CUP CONTEST IS STIRRING UP INTEREST

(By Associated Press.) NEW YORK, Nov. 17.—Although close to twelve months must elapse before the challenging and defending yachts meet in the races which will decide possession of the America's cup, the international regatta has already taken precedence over all other sporting events among English sportsmen. It is apparent that the polo and tennis invasions of the states in 1914 will be considered secondary to Sir Thomas Lipton's efforts to regain the famous cup which stands for supremacy in ocean sailing competition. Already the chances of the challenger, just beginning to take form, are being weighed and discussed by yachtsmen, and the man in the street is beginning to test his tongue on nautical terms.

#### STULL REMAINS IN COUNTY JAIL UNTIL FRIDAY

#### CHECK WORKER FROM SAN BERNARDINO GETS A RESPIRE FROM PENITENTIARY.

J. E. Stull, who was brought back by Sheriff Ed Malley from San Bernardino, to answer to a breach of parole in uttering worthless checks after he had been sentenced to the penitentiary from four to five years, was to have been arraigned this morning before Judge Averill. Stull did not care to face the court without the moral support of his wife, who is in Goldfield, and he begged the sheriff to intercede with the court for a continuance until he could procure some clothing from Goldfield and have a talk with his spouse. Judge Averill proved agreeable and put the hearing over until Friday. Stull, after his arrest in San Bernardino, was very despondent, saying he was tired of the game of dodging police officers and that he might as well end his life as to go to prison for a long term. Notwithstanding this protestation of penitence, Stull could not avoid turning a trick in southern California, and is supposed to be a chronic offender who cannot get along without a check book and a fountain pen.

#### TAKES ANOTHER FREIGHT CONTRACT

J. N. Tedford has taken a year's contract from George Wingfield to handle the freight for the mine and new mill at Buckhorn, which is 30 miles south of Beowawe. The freighting point, however, is Blackburn, on the Eureka & Palisade railroad, the haul being 20 miles. J. P. Hunt, brother-in-law of Mr. Tedford, will have charge of the business there. Mr. Tedford sent two of his teams from Fallon, but will continue to handle the freight for the Nevada Hills at Fairview and to Wonder.

#### Cabinet Ladies Cut List of Ladies Of Lower House From Social Calls

(By Associated Press.) WASHINGTON, Nov. 18.—Storm signals are flying in official circles as the result of a decision of the "cabinet ladies" to cut from their calling list the wives of members of the house, on the ground that some paring of the overcrowded calendar is necessary owing to the opening of the busy social season. Women in official life are aligned in two camps in a feud that threatens to spread to governmental quarters.

#### STATE RIGHTS IN CONVENTION A SHARP FIGHT

#### OPPOSED TO LOCKING UP NATURAL RESOURCES FOR THE FUTURE.

(By Associated Press.) WASHINGTON, Nov. 18.—A sharp fight between advocates and opponents of state rights for control of natural resources was evident at the opening today of the fifth annual convention of the national conservation congress. Retiring President Charles Lathrop declared his "enemies" sought to make it appear that conservation meant reservation, locking up natural resources for future generations.

#### BAD SMASH UP IN SNOWSHEDS ON SIERRAS

#### BOB DOUGLAS AND E. L. MAUPIN HAVE CLOSE CALL IN COLLISION.

Further particulars of the accident to R. L. Douglas, reported in the Bonanza yesterday, appear in the Reno Gazette, as follows: E. L. Maupin, a mechanical and electrical engineer of Fallon, was taken home this morning suffering from injuries received yesterday afternoon near Soda Springs, Cal., when the automobile in which he and R. L. Douglas, capitalist, politician, banker and rancher of Churchill county, were riding was struck head-on by a west-bound freight train and demolished. That Douglas and Maupin escaped being killed instantly is considered almost miraculous. Douglas escaped without a scratch and Maupin's injuries consist of a dislocated collar bone, a sprained ankle and a sprained wrist. In addition to bruises and a severe nervous shock. The men entered the snowsheds at Soda Springs, intending to follow the railroad track in their car and get over the hill, the snow on which was two feet deep, making it impossible to travel on the county road. They had proceeded but 300 yards when they saw a freight train bearing down on them at an alarming rate of speed. Douglas jumped in front of the automobile and managed to wedge himself in between the snowsheds. In this manner he escaped. Maupin was driving the car, a 75-horsepower Stutz racer, just purchased by Douglas, and jumped behind it. Just at that moment the locomotive struck the machine. Maupin was dragged about 30 feet before the engineer was able to halt his train.

#### SELF MADE MAN RESIGNS FROM A RAILROAD

#### ROSE FROM SECTION HAND TO HEAD OF NEW YORK CENTRAL.

(By Associated Press.) NEW YORK, Nov. 18.—William C. Brown, who rose from a section hand to the presidency of the New York Central lines, resigned today, effective January 1. He is 60 years old and has been in the service 44 years. He will devote the remainder of his life to financial interests in Iowa and neighboring states, the welfare of the communities where his interests are situated, and the improvement of agricultural conditions generally. It is understood A. B. Smith, senior vice president, will succeed Mr. Brown.

#### REBELS SURROUND ORIZABA UNCLE SAM RUNNING BLUFF HUERTA LAUGHS OUT LOUD

(By Associated Press.) MEXICO CITY, Nov. 18.—Owing to the menacing of the town of Orizaba by rebels and consequent threatening of communication between Mexico City and Vera Cruz, foreigners are flocking to the coast. The federal commander of Orizaba reports he is able to resist any attack. Completion of the preliminary organization of both branches of the new Mexican congress is regarded as putting the final touch on Huerta's defiance. Surprise is shown over the publication of Washington dispatches indicating that President Wilson does not contemplate active measures to support the warning given by Lind to Huerta against permitting congress to convene.

#### MOVE TO QUASH THE INDICTMENT AGAINST WEIR

#### OBJECT TO INDICTMENT BECAUSE INTENT NOT SPECIFIED.

The case of the state versus J. C. Weir, charged with embezzlement in the handling of funds and stocks prior to his failure as a stock broker, came squarely before the jury this morning when the panel was completed by Ray Percy qualifying. The jury stands: Oliver Perry, C. K. Jarvis, M. J. O'Flaherty, L. P. Stevens, Frank B. Hill, Tex Watson, Fred A. Knox, Robert Gillen, George Manning, Harry Stevenson, William Crisp and Ray Percy. Attorney Cooke for the defendant moved to quash the indictment on the ground that it did not specify the criminal intent, and the arguments on this issue occupied the court until the noon recess.

#### CHARITY BALL WILL BE GREAT SOCIAL EVENT

#### ELKS' COMMITTEES REPORT PROGRESS FOR THE SOCIAL AFFAIR OF NEXT MONTH.

The committee of arrangements for the charity dance of the Tonopah Elks has almost completed its arrangements by securing the choice of the musicians in town who are popular with the dancing set. New music will be introduced, and the ball will be one of the best given in Tonopah. The chief interest centers in the use of the funds derived from this source. The money goes to relieving distress during the keen winter months, when there are always numerous calls from families whose breadwinner has been cramped by sickness or other cause.

#### DYNAMITE USED AT COAL CAMP IN COLORADO

#### HOME OF MARSHAL ALLEGED TO HAVE BEEN WRECKED BY STRIKERS.

(By Associated Press.) TRINIDAD, Colo., Nov. 18.—An explosion of dynamite today wrecked the home of Dominic Peffelo, camp marshal at Piedmont, and damaged several other buildings. None was injured. Military authorities assert that striking miners are responsible.

TEMPERATURE REPORT.  
Highest temperature yesterday, 46 degrees; a year ago, 52.  
Lowest temperature last night, 36 degrees; a year ago, 40.

#### WOODROW WAITS CALMLY FOR MEXICAN NEWS

#### CONFIDENT THAT THE OUTCOME WILL NOT BE DISAPPOINTING.

(By Associated Press.) WASHINGTON, Nov. 18.—The president and cabinet discussed the Mexican situation, it is said, with no concrete conclusions. The general disposition seems to be to await developments with confidence in the outcome. Blockading talk is revived, but nothing has been determined.

#### "HANDS OFF" POLICY APPROVED BY CHILE

(By Associated Press.) ROCHESTER, Mass., Nov. 18.—The "hands off" policy of the United States in Mexico was commended today by David Montt, Chilean representative in the Latin-American congress, as one of the most important steps to promote cordial relations between the United States and South American.

#### RESTRAINED FROM MOVING TAILINGS

#### CONSOLIDATED GETS A COURT ORDER TO PROTECT ITS PROPERTY.

GOLDFIELD, Nov. 18.—A decision has been handed down in the district court of Esmeralda county by Judge Peter J. Somers in the case of the Goldfield Consolidated Mining and Transportation company against the Old Sandstorm Annex Gold Mining company, W. H. Brock, E. S. Johnson and A. Huyser. The case is that in which the plaintiff has applied for an injunction to restrain the defendants from removing tailings that have flowed on the defendants' ground from the Consolidated mill and the defendant seeks to have dissolved the temporary restraining order issued earlier.

#### DENVER CAPITAL FOR WILLOW CREEK MINES

F. E. Morse of Denver returned from a trip to Willow Creek Saturday with W. R. Miller, W. B. Colwell and J. H. Goodman. A general inspection of the claims at Willow Creek was made by Mr. Morse, who left for Denver this morning with the necessary authority to handle the business end of a big proposition that may be floated in Denver.—Ely Expositor.

#### South Africa Industries Silenced By Strike of East Indian Laborers

(By Associated Press.) DURBAN Natal, Nov. 18.—A strike of East India laborers spread today to the south coast, where virtually all of the 150,000 workmen of that blood are quitting. There is no trouble, but serious disorders are likely to occur shortly. All industries are paralyzed. Dissatisfaction over treatment is the principal cause of the trouble.

#### CONFERENCE WITH CARRANZA

(By Associated Press.) NOGALES, Nov. 18.—William Bayard Hale and Escudero Carranza, minister of foreign affairs, entered at noon on what is regarded as a final conference in the diplomatic parleys between the American government and the constitutionalists. Escudero Carranza announced that General Carranza is preparing an exhaustive manifesto regarding the position of constitutionalists with regard to both domestic and international affairs in Mexico.

#### CAPTURE OF TAMPIO.

(By Associated Press.) GALVESTON, Texas, Nov. 18.—Tampico, Mexico, has been captured by constitutionalists, according to an unconfirmed wireless received today. This is believed to have been relayed here through the steamer Minnesota.

#### FEDERAL TROOPS ARE GOING TO JUAREZ

(By Associated Press.) EL PASO, Texas, Nov. 18.—Federal troops from Chihuahua City are advancing on Juarez. In a battle last night with the rebels' rear guard, the rebels lost five and the federals thirty-five, according to General Villa.

#### BRUTAL MISCREANTS MALTREAT PET DOGS

#### YOUNG RASCALS SHOULD CAUSE THE POLICE OFFICERS TO WAKE UP.

A gang of boys has been giving a feeble imitation of Blackhand methods during the past week by harassing dogs and burros. These lads are amenable to the law and the police have no excuse for not acting before this to secure the prompt abatement of the evil. Nothing but the most innate cruelty could prompt a boy to paint a harmless brute, and the police should see that this malicious instinct is suppressed forthwith. Working under the mask of No. 373, the young fiends have captured some of the best dogs in town and, after decorating their hides with cryptic characters, including "373," have turned them loose to wander about in agony until relieved of the paint. A coat of tar and feathers would give these young hoodlums the same experience that they mete out to the harmless dogs.

#### FAMOUS VOCALIST DIES.

(By Associated Press.) LONDON, Nov. 18.—Madam Mathilde De Castrone Marchis, probably the most famous vocal teacher in the world, died today, aged 87.
